- ▶ Elastomer loops are available in over 25 colors
- ▶ Standard packaging is 50 per bag/5000 per case

Getting Started...

- ▶ First we need to know the circumference of where you would like the elastomer loop applied on your product.
- ▶ Then indicate where you want the shaped marquee tag to appear (you can email us a rough sketch, a quick photo from your phone, or a detailed digital file).
- ▶ Give us an idea of the dimensions and shape of tag you are looking for. You can either send us a vector file or our graphics team can create a drawing for you.
- ▶ Once we have these details we will refine a die line and send a template for you to create your tag design.
- ▶ Before production, actual size laser cut prototypes with elastomer loops will be sent to you for approval.
